Kostenloser V-Server (Betatest exklusiv für EKTM.de)

(1 vote)

Written by Administrator
Wednesday, 28 January 2009

Liebe Besucher von EKTM.de,

ferna von EKTM.de an alle technisch interessierten habe
ich bei EUServe 100 V-Server zum testen exklusiv für
EKTM.de bekommen.

Das ganze OHNE finanzielle Verpflichtung und eventueller
Haken.

Jeder, der mal einen eigenen Server betreiben möchte kann
dieses bis (voraussichtlich) ende 2009 tun, nähere Informationen
gibt es direkt bei EUServe.

<https://ssl.euserv.de/produkte/vserver/betatest.php>

Als Bestell-Code bitte **foJtRqSbc** angeben. (Groß-
Kleinschreibung beachten)

Voraussetzungen:

(Zitat aus der Mail:)

Sehr geehrter Herr Admin (geändert),
vielen Dank für Ihr Interesse an der Teilnahme unseres
vServer-Betatests. Gern stellen wir Ihnen ein Kontingent
von 100 vServern kostenlos und unverbindlich zum Testen
zur Verfügung. Bitte weisen Sie Ihre User/Leser darauf hin,
dass bei der Registrierung korrekte Daten angegeben
werden müssen und die Tester mindestens 18 Jahre alt
sein müssen.....

Was bekommt Ihr:

Technische Details:

CPU-Leistung 100% (vergleichbar mit einem P3, nutzbar
bis zu 1000MHz)

Arbeitsspeicher (garantiert) 512 MB

Arbeitsspeicher (dynamisch) 1.024 MB

Festplatte 10 GB

Netzwerkanbindung 1x 100 Mbit/s (shared über
Hostsystem)

Bandbreite 100 Mbit/s (shared über Hostsystem)

Traffic inklusive

1 feste IP

Hallo, mal unsere kurze Auszugsstory.

Hintergrund: Hauskauf, also raus aus der Mietswohnung.

Mietswohnung sehr aufwändig eingerichtet, Terrakotta Farben in

Wischtechnik an der Wand, Bordüre handgemalt, Kinderzimmer

Tapete mit Leuchtsternen.

OK überlegt, Räume eigentlich ok, Sternchentapete für Nachmieter ohne Kinder „blöd“ also innere Bereitschaft, DIESEN Raum zu renovieren.

Bei der oben genannten Gesellschaft ist es üblich, das es vor dem Auszug eine Vorbesichtigung gibt, bei der die Mängel festgehalten werden, die man zu Renovieren hat.

Auftritt Hausmeister (wirklich netter Kerl !!):

Protokoll in der Hand, mit den fröhlichen Worten, alle Räume „kurz mal weis Durchzukullern“.

Tuesday, 10 April 2007

Dear Visitor,

Here are lots of news about ektm.de, first some words about the Iris project and second a little bit about the private life of the ektm.de owners.

First - the Iris-project.

(At the photo you see Mike Engelhardt alias PanamaMike)

He is the engineer who built DIYmaresIRcable (that you

will find in the download section)

Mike thank you very much for your great work and the success of a running interface.

I also want to thank all other User, who spent their time and sent the results to ektm.de, where everyone can use the information to build their own Interface. It was impressing to see, what all you folks do for Open Source Projects. I even know that people from Mares spend time looking into the forum area of the project sometimes, but nobody spend some engineering ideas. :-)

New Project:

A BRANDNEW DIVING Association is born.

Let you surprise with an absolute new way of this fantastic sport.

This association is building a new website and for this project we are looking for Coder, art workers and administrators (Native English and German).

We need you

Be careful, you will get not paid for your work, but I'm sure you will enjoy this project.

We need for this Page underwater photos and movies too.

If there is any interest to work on this project, please contact us at gadmin (at) ektm (dot) eu and tell us your ideas. :-)

Private Things:

We have bought a house. The photo shows the front of it. It is a very lovely home for us.

One man said once, Men have to do 4 things in their life.

First: drive a 6 cylinder car. **I did !**

Second: get a Son. **I did!**

Third: build/buy a house. **I did !**

Fourth: plant a tree. I will do that within the next 4 weeks. (to my friend Marko (www.boedding.com) **I finished....;-)**

Holydays:

I'm going to travel to Croatia with my best friend Marko. Diving there together with Marko will be a lot of fun – I'm sure. But I'll miss my family, since my wife and my son stay in Germany.

Within this week Felix will learn a lot, and I'll miss that. On the other hand I will miss my wife, since we usually dive together.

btw: I've read in the forum that michaelgrasb has been diving there to. How is diving there?

And finally we have installed a Guestbook on our page, so everybody can leave a note.

It would make us happy seeing you using it.

Best regards,

Thomas
